PROFESSIONAL SUMMARY

A Computer Engineering graduate with a foundational background in software development and system integration gained through academic projects and internship experience. Experienced in frontend development, backend collaboration, database management and API testing as part of system development workflows.

SKILLS

Technical Skills:

- **Frontend Development:** Flutter, Dart, React, HTML, JavaScript, Bootstrap5, Figma
- **Database:** PostgreSQL, MySQL
- **Version Control:** Git, Github
- **API Testing:** Postman, JMeter

EXPERIENCE

FDS Asya Philippines Inc.

San Pablo City, Laguna

Frontend Web Developer (Intern)

Feb – May, 2026

- Designed and developed responsive and user-friendly interfaces for web applications using Figma, Flutter and Dart
- Translated UI/UX designs into functional frontend components for web applications
- Collaborated with team members to implement and improve system features across different modules

ACADEMIC & INTERNSHIP PROJECTS

Automated Compost Bin

Thesis Project | Software Developer

- Developed an automated compost bin that monitors the composting process using sensors such as temperature, pH, and oxygen sensors.
- Contributed to the development and integration of a mobile application that allows users to monitor sensor data and control system functions remotely.
- Participated in system testing and troubleshooting to ensure proper communication between the software and hardware components.

Technologies: MIT App Inventor, Arduino, Sensors

Internship Attendance and Profile Management System

Front-End Web Developer - Intern

- Developed user interface components for a web-based system that enables advisors to monitor intern attendance and manage intern profiles.
- Collaborated with the team to integrate frontend features built with Flutter and Dart with backend services developed using Go and PostgreSQL.
- Assisted in testing and quality assurance activities using Postman and JMeter while managing tasks through Jira.

Technologies: Flutter, Dart, Go, PostgreSQL, Postman, JMeter, Jira, Figma

EDUCATION

Pamantasan ng Lungsod ng San Pablo

San Pablo City, Laguna

Bachelor of Science in Computer Engineering

A.Y. 2025 – 2026

SEMINARS & TRAININGS

Computer Systems Servicing NC II — The Big Five Training and Assessment Inc. (2025)

Python Essentials 1 — A self-paced online course. Cisco Networking Academy (2025)
